## Pure Gold

### FULL-SPECTRUM HIGH QUALITY HEMP OIL

Kannaway Pure Gold Hemp Oil, a full-spectrum, decarboxylated and filtered CBD hemp oil. People have come to trust the quality and purity of our hemp oil to get their daily intake of cannabinoids, something we believe is a key nutrient in its role to feed the body's inherent endocannabinoid system.

We utilise our proprietary extraction methods to extract the oil from the mature stalk of the plant. To ensure that our products will meet your standards, each batch of oil undergoes an advanced Triple Lab Tested™ process to verify that there are no solvents, heavy metals, or other potentially harmful materials.
